

Scientific Program

Introduction

Since the 1st announcement of "GeoShanghai International Conference 2100" was released, we have received support from Chinese/international academic institutions and industry. More than 600 abstracts from approximately 30 countries were received and about 400 technical papers will be accepted for publication in 8 ASCE GSPs (Geotechnical Special Publication) after peer reviews. The conference will be held on June 3-5, 2010 in Shanghai, China.

Program

Technical sessions will run over three days consisting of invited keynote lectures, theme lectures and delegate presentations. Coffee breaks and lunches will be provided as well as a welcome reception, banquet, tour of the construction site of Shanghai Tower or Shanghai Expo site. The scientific program and conference tours have been arranged and can be found in this brochure.
